First Announcement Brochure
It is an honor to welcome you for the 3rd International Conference on Global Trends In Pure And Applied Chemical Sciences organized by SRM University Delhi NCR Campus & Asian Publication Corporation on 8th & 9th December 2017.

Objective of the conference is mainly to:

- Act as a premier forum for researchers and practitioners interested in global trends in pure and applied chemical sciences.
- Provide an opportunity to present and observe the latest research, results, and ideas in these areas.
- To strengthen relationships between Industries/Organizations, Research Laboratories and Universities/Institutions.
- Advancement and promotion of science at International level.
- Providing an expert publishing service to the scientific persons as authors, editors, librarians, researchers, professional, industrial persons, teachers and students, assisting them improve their knowledge.
- The International Conference in India will provide a unique platform for interaction amongst delegates from various countries bringing a blend of International exposure, pleasant weather, warm hospitality as well as the opportunity of exploring the culture and sights of India.
- Conducting such International conference in India would bridge the gap between scholars, researchers and academicians globally and also to exhibit our Indian Culture, heritage and scholastic approach. Moreover it gives an opportunity for us to make them understand our sociability, for those participating in the conference across the border.

Best Regards,

Organizing Secretary

Call for Abstracts

Topic Coverage
- Analytical and Solution Chemistry
- Bioinorganic Chemistry
- Chemical and Biological Sensors
- Clinical Biochemistry and Molecular Diagnostics
- Emerging Trends in Waste Management Technologies
- Food Chemistry
- Green Chemistry and Sustainable Development
- Metal-Organic Chemistry
- Nano Chemistry
- Natural Products Chemistry
- Organic Synthesis and Natural Products
- Petrochemical and Polymer Chemistry
- Pharmaceutical Chemistry and Drug Design
- Physical Chemistry and Spectroscopy
- Recent Advances in Spectroscopy
- Supramolecular Chemistry
- Water and Air Pollution
- Research Papers in other relevant fields of Chemical Sciences will also be welcome

Important Dates

Submission of Abstract Deadline: 15 September 2017
Notification of Acceptance: 1 October 2017
Registration Deadline: 15 October 2017

- Send your abstracts (A-4 size) for presentation along with registration fees at your earliest.
- The conference is being organized by SRM University (Delhi-NCR Campus) & Asian Publication Corporation.
- Research Papers, Review papers and articles related to Chemical science will be accepted only after approval of two reviewers.
- Selected articles will be published free of cost in the international peer reviewed journals Asian Journal of Organic & Medicinal Chemistry, Asian Journal of Materials Chemistry and Asian Journal of Chemistry, etc.
- Full length articles have to be submitted by e-mail at asianicgtcs2017@gmail.com.
- Submission date of full length article is 30 December 2017. (No papers will be entertained after the deadline).

Poster Presentation
Posters will have dedicated sessions during the conference, during which authors must be next to their poster to answer questions. The poster size must not exceed the size of 66 cm X 90 cm portrait format. Please use an appropriate font size for the posters so that they are readable by the participants 1.5 meter away. The poster message should be clear and understandable without oral explanation. Please assure the poster is placed on the board before the beginning of the poster session. Authors are required to stand by their posters during the poster. The poster presenter must also bring the poster already printed.

Oral Presentation
All technical session are equipped with a computer running Microsoft Windows with Microsoft Powerpoint and Adobe Acrobat Reader. By using a pen drive or a CD, speakers may use the above mentioned equipment. Speakers may also use their own computer/laptop, but should be prepared with the backup in a CD or pendrive.
About Delhi

Delhi, also known as the National Capital Territory of India is a metropolitan region in India. With a population of 22 million in 2011, it is the world’s second most populous city and the largest city in India in terms of area. The NCR includes the neighbouring cities of Alwar, Baghpat, Gurgaon, Sonepat, Faridabad, Ghaziabad, Noida, Greater Noida and other nearby towns, and has nearly 22.2 million residents.

A union territory, the political administration of the NCT of Delhi today more closely resembles that of a state of India, with its own legislature, high court and an executive council of ministers headed by a Chief Minister. New Delhi is jointly administered by the federal government of India and the local government of Delhi, and is the capital of the NCT of Delhi. Delhi is India's only city-state.

Delhi has been continuously inhabited since the 6th century BC. Through most of its history, Delhi has served as a capital of various kingdoms and empires. It has been captured, ransacked and rebuilt several times, particularly during the medieval period, and the modern Delhi is a cluster of a number of cities spread across the metropolitan region. This is why Delhi is sometimes called the City of cities.
